A THOUSAND DIFFERENT BIRDS IN PAPUA NEW GUINEA

Bird watchers will be amazed by Papua New Guinea, home to almost 800 species of birds (plus many distinctive subspecies) including 32 of the 42 species of Birds of Paradise and Satinbirds. Species such as the Hooded Pitohui, the world's first known poisonous bird, thrive in PNG where the vast tropical rainforest provides perfect habitat for a wide variety of bird life. Some of the favourite places for birding are Tari Gap, Mount Hagen, Kiunga, West New Britain and Varirata National Park.
